DRYWELL PLAN VIEW
Not To Scale

SIDEWALK DETAIL
Not To Scale

Driveway and Sidewalk Notes:

- Contractor shall carefully form sidewalk around the 8'x14' HELCO box located at Station 48+60 Lt. to prevent water ponding and to prevent tripping hazards.
- Refer to Standard Plan D-04 for Curb, Type 2D, Details.
- Ramps shall be measured for payment per square yard under Item No. 608.1100, Concrete Sidewalk.
- Widening of existing concrete driveway shall not be measured for payment and shall be considered incidental to construction of concrete sidewalks.
- Refer to Sections 608, 609, and 610 of the Special Provisions and Standard Specifications for additional information.

SECTION "A-A"
Not To Scale

Notes for Drywell:

- Steel ladder shall be approximately 4'-6" high x 2'-0" wide, constructed of wrought iron bar or 1" ϕ Steel Bar.
- Refer to Standard Plan H-09 for Type A-9 Frame and Grate Details.
- Contractor shall lay out location of the drywell for review and approval by the engineer prior to excavation.
- Drywell shall be paid for under Item No. 604.9000, Dry Well (Non-injection type). Payment shall be full compensation for all labor, materials, and incidentals needed to complete the work per plan.
- Contractor is reminded of General Note Nos. 3 and 5 regarding utilities.
