

**A. GENERAL REQUIREMENTS**

The Permittee shall:

1. Comply with all materials submitted in and with the application, dated December, and additional information, dated, December 9, 2010 and additional information, dated December 15, 2011.
2. Retain a copy of the application, including other related materials, and this permit at the job site or at a nearby field office.
3. Design, operate, implement, and maintain the project Site-Specific Best Management Practices (BMPs) Plan to ensure that storm water discharges associated with construction activities will not cause or contribute to a violation of applicable State water quality standards.
4. Implement the project Site-Specific BMPs Plan as often as needed to improve the quality of storm water discharges or when instructed by the Director of Health (Director).
5. Not cause or contribute to a violation of the basic water quality criteria as specified in HAR, Chapter 11-54, Section 11-54-4.
6. Inspect, at a minimum of once per week, the receiving state waters, storm water runoff and control measures and BMPs to detect violations of and conditions which may cause or contribute to a violation of the basic water quality criteria as specified in HAR, Chapter 11-54, Section 11-54-4 (e.g., the permittee shall look at storm water discharges and receiving state waters for turbidity, color, floating oil and grease, floating debris and scum, materials that will settle, substances that will produce taste in the water or detectable off-flavor in fish, and inspect for items that may be toxic or harmful to human or other life).
7. Immediately stop, reduce, or modify construction, or implement new or revised BMPs as needed to stop or prevent a violation of the basic water quality criteria as specified in HAR, Chapter 11-54, Section 11-54-4.

**PART A**

8. Review the effectiveness and adequacy of the implemented Site-Specific BMPs Plan(s) and Erosion and Sediment Control (ESC) Plan(s) at a minimum of once per week, and update the plan as often as necessary. Any changes(s) to the Site-Specific BMPs Plans and/or ESC Plans or correction(s) to information already on file with the CWB shall be maintained onsite and be available upon request.
9. Know that as of the date of this permit, Mr. Alvin Takeshita, Interim Administrator of the DOT-HWYS is no longer recognized as the duly authorized representative. Mr. Salvador Panem, District Engineer for DOT-HWYS is recognized as the duly authorized representative to submit information/documents for compliance with the permit conditions, except submittal of the CWB-NOC Form. A new authorized representative may be appointed by submitting a hard copy of the information on CWB-Individual NPDES Form C: Item Nos. 16.c. or 16.d. – Authorization of Representative and a completed CWB-NPDES Signatory and Certification Statement form, signed by the Honorable Glenn M. Okimoto or the Director of the DOT.
