(I) Amend 624.04 - Measurement by replacing lines 587 to 588 to read:

(II) Amend Section 624.05 – Payment by replacing line 589 to 596 to read:

The Engineer will pay the following pay item when included in proposal schedule:

Payment for water system components shall be inclusive of all work and costs associated with the relocation and/or installation, including but not limited to protection of existing poles, structures or features to remain, removal of the

49 appurtenances and thrust blocks, installation of the new water system
50 components, new thrust block and associated connections, pressure testing and
51 disinfection. Associated excavation, backfill and concrete work (including bollards)
52 are considered incidental and will not be paid for separately.

53 The Engineer will pay for Type F Pavement Marker under Section 629 -
54 Pavement Markings”

55

56

END OF SECTION 624
