699.10	Mobilization Per Site	5	Each	\$ _____	\$ _____
	SUM OF ALL ITEMS FOR COMPARISON OF BIDS - AREA 3			\$ _____	\$ _____

The "SUM OF ALL ITEMS IN AREAS 1, 2 AND 3 FOR COMPARISON OF BIDS" will determine the lowest responsible bidder.

Notes:

1. Bid prices are for travel time, mileage and furnishing all labor, tools, traffic controls, all, applicable taxes, fees and equipment necessary for all work shown and called for in accordance with the true intent and meaning of the specifications.
2. Bidder must bid on both areas. To be considered, bidder must submit a bid for all items within an area.
3. Any contract which is awarded shall be an open-ended contract since the exact value of work to be performed during the contract period cannot be determined beforehand. The unit price for each item of work on any particular work order shall be that which corresponds to the quantity of work for that item actually performed for each work order.
4. As indicated in the Proposal Schedules, all bid items are divided into payment categories, depending upon the quantities of work. The payment category for each bid item shall be based upon the sum total of all work and materials required to perform the required repairs which are issued on a "single work order." A single work order shall be a work order submitted by the Contractor for work that can be performed by the Contractor without relocating a distance of more than 3,000 feet between any two adjacent repair locations.
