

1 Make the following Section a part of the Standard Specifications:  
2

3 **SECTION 691 – ARCHAEOLOGICAL MONITORING**  
4

5 **691.01 Description.** This work includes monitoring construction activity for  
6 archaeological items at the location shown on the plans and as directed by the  
7 Engineer.  
8

9 **691.02 Materials.** None.  
10

11 **691.03 Construction.** In addition to the requirements of Section 107.17 (D) –  
12 Archaeological, Historical, and Burial Site Findings, the Contractor shall obtain the  
13 services of a qualified Archaeologist or firm to investigate the site prior to clearing and  
14 grubbing and to monitor during the clearing and grubbing and excavation activities for  
15 historic remains such as artifacts, burials, concentrations of shell or charcoal.  
16

17 If remains are found, work shall cease in the immediate vicinity of the find and the find  
18 shall be protected from further damage. The Contractor shall immediately contact the  
19 State Historic Preservation Division (692-8015), which will assess the significance of the  
20 find and recommend appropriate mitigation measures, if necessary.  
21

22 **691.04 Measurement.** The Engineer will measure the work required for the  
23 archaeological monitoring, including remedial measures, on a force account basis in  
24 accordance with Subsection 109.06 – Force Account Provisions and Compensation and  
25 as ordered by the Engineer.  
26

27 **691.05 Payment.** The Engineer will pay for the accepted archaeological monitoring,  
28 including remedial measures, on a force account basis in accordance with Subsection  
29 109.06 – Force Account Provisions and Compensation. Payment will be full  
30 compensation for the work prescribed in this section, by the Engineer, and in the  
31 contract documents.  
32

33 The Engineer will pay for the following pay item when included in the proposal  
34 schedule:  
35

36 <b>Pay Item</b>	37 <b>Pay Unit</b>
38 Archaeological Monitoring	39 Force Account

40 The Engineer will not pay for work required that is due to the Contractor's  
41 convenience, negligence, carelessness or failure to properly monitor excavation activity.
