## PREFERENCES

1. The bidder agrees that preferences shall be taken into consideration to determine the low bidder in accordance with said Sections and the rules promulgated, however, the award of contract will be in the amount of the bid offered exclusive of any preferences.

2. When a bidder selects and qualifies for the In-State Contractor Preference, no other preference, such as the Hawaii Product Preference, Recycle Product Preference, etc. may be used. Therefore, when a Contractor selects the In-State Contractor Preference with its bid, no other preference will be allowed and all other preference selections made by the Contractor will be ignored.

However, if the bidder selects, but does not qualify for the In-State Contractor Preference, the bidder will be given the Hawaii Products Preference for bid evaluation purposes provided that the bidder has completed the required information in the Schedule of Acceptable Hawaii Products and Designation of Hawaii Products to be used. If a bidder has designated use of a Hawaii Product and fails to provide the product, the contract will become void and no payments will be made, even though the bidder is claiming the In-State Contractor Preference.

3. It is further understood by the bidder that if the bidder elects to furnish qualified Hawaii Products, and is awarded the contract, then fails to use such products or meet the requirements of such preference, the bidder shall be subject to the statutory penalties, provided in Section 103D-1002, HRS, and such other remedies as may be available to the State.

### IN-STATE CONTRACTORS PREFERENCE.

**IMPORTANT!** To be eligible for consideration, the bidder must meet and comply with all of the requirements set forth in Subsection 102.18(A) - In-State Contractors Preference. Also, the bidder shall indicate below if the bidder wishes to be considered for this preference or not:

☒ Yes, I wish to be considered for the In-State Contractor Preference.  
(Attach original or certified copy of a Tax Clearance Certificate to this proposal. Only original or certified copy of a tax clearance certificate is acceptable.)

☐ No, I do not wish to be considered for In-State Contractor Preference.

If neither of the above is checked, it will be assumed that the In-State Contractor Preference is not requested.

Failure to attach the appropriate tax clearance certificate automatically voids the bidder's claim for this preference.

## HAWAII PRODUCTS PREFERENCE

It is understood that certain Hawaii products as described in the schedule below are acceptable for use in this project and that, pursuant to Sections 103D-1002, HRS, which provides preference for Hawaii Products, the bidder proposing to use such Hawaii products must fill in the schedule below.

However, where there are a number of qualifying classes of Hawaii products of a given description, the bidder must indicate on the schedule which class will be furnished by circling the class of the particular Hawaii product that will be used. Otherwise, preference will be given based on the class with the lower percentage.

If the bidder proposes to use Hawaii Products, the bidder must so designate in said schedule by entering the cost of such product in the appropriate space provided. Failure on the part of the bidder to designate the use of Hawaii products will automatically void any preference for that product.
