**(I) Amend 105.01 – Authority to read as follows:**

**(A) Authority of the Engineer.** The Engineer is the representative of the Director and has all the authority of the Director with respect to the contract. The Engineer will make decisions on all questions that may arise regarding the contract, such as, but not limited to:

- The Engineer's decisions on questions, claims, and disputes will be final and conclusive subject to Subsection 107.15 – Disputes and Claims.

**(B) Authority of the Inspectors.** Inspectors, as a representative of the Engineer or other agencies, will inspect the work done and materials furnished. Such inspection may extend to the preparation, fabrication or manufacture of the materials to be used. The Inspector does not have authority vested in the Engineer unless specifically delegated in writing. The Inspector may not alter or waive the provisions of the contract, issue instructions contrary to the contract, or act as agent or representative of the Contractor.

Failure of an Inspector at any time to reject non-conforming work shall not be considered a waiver of the State's right to require work in strict conformity with the contract documents as a condition of final acceptance.

47           **(C) Authority of the Consultant and Construction Management.**

48           The State may engage consultants and construction managements to  
49           perform duties in connection with the work. Unless otherwise specified in  
50           writing to the Contractor, such retained consultants and construction  
51           managements shall have no greater authority than an Inspector.”

52  
53           **(II) Amend Subsection 105.02 - Submittals** by revising the first paragraph  
54           from lines 52 to 61 to read as follows:

55  
56           **“105.02 Submittals.** The contract contains the description of various items  
57           that the Contractor must submit to the Engineer for review and acceptance. The  
58           Contractor shall review all submittals for correctness, conformance with the  
59           requirements of the contract documents and completeness before submitting  
60           them to the Engineer. The submittal shall indicate the contract items and  
61           specifications subsections for which the submittal is provided. The submittal  
62           shall be legible and clearly indicate what portion of the submittal is being  
63           submitted for review. The Contractor shall provide six copies of the required  
64           submissions at the earliest possible date.”

65  
66           **(III) Amend Subsection 105.08 (A) - Furnishing Drawings and Special**  
67           **Provisions** to read as follows:

68  
69           **“(A) Furnishing Drawings and Special Provisions.** The State will  
70           furnish the Contractor an electronic set of the special provisions and  
71           plans.” The Contractor shall have and maintain at least one set of plans  
72           and specifications on the work site, at all times.

73  
74           **(IV) Amend Subsection 105.14(D) – No Designated Storage Area** from lines  
75           421 to 432 to read as follows:

76  
77           **“(D) No Designated Storage Area.** If no storage area is designated  
78           within the contract documents, materials and equipment may be stored  
79           anywhere within the State highway right-of-way, provided such storage  
80           and access to and from such site, within the sole discretion of the  
81           Engineer, does not create a public or traffic hazard or an impediment to  
82           the movement of traffic.”

83  
84           **(V) Amend 105.16(A) – Subcontract Requirements** by adding the following  
85           paragraph after line 483:
