(I) Amend Section 107.01 Insurance Requirements from lines to 81 to read as follows:

"(A) Obligation of Contractor. Contractor shall not commence any work until it obtains, at its own expense, all required insurance described herein. Such insurance shall be provided by an insurance company authorized by the laws of the State to issue such insurance in the State of Hawaii. Coverage by a "Non-Admitted" carrier is permissible provided the carrier has a Best's Rating of "A-VII" or better. The Contractor shall maintain and ensure all insurance policies are current for the full period of the contract until final acceptance of the work by the State.

18 The Certificate of Insurance shall contain: a clause that it is agreed 19 that any insurance maintained by the State of Hawaii will apply in excess 20 of, and not contribute with, insurance provided by this policy; and shall be 21 accompanied by endorsement form CG2010 or equivalent naming the 22 State as an additional insured to the policy which status shall be 23 maintained for the full period of the contract until final acceptance of the 24 work by State.

26 The Contractor shall obtain all required insurance as part of the contract price. Where there is a requirement for the State of Hawaii and 27 its officers and employees to be named as additional insureds under any 28 Contractor's insurance policy, before the State of Hawaii issues the Notice 29 to Proceed, the Contractor shall obtain and submit to the Engineer a 30 Certificate of Insurance and a written policy endorsement that confirms the 31 State of Hawaii and its officers and employees are additional insureds for 32 the specific State project number and project title under such insurance 33 policies. The written policy endorsement must be issued by the insurance 34 company insuring the Contractor for the specified policy type or by an 35 agent of such insurance company who is vested with the authority to issue 36 a written policy endorsement. The insurer's agent shall also submit 37 written confirmation of such authority to bind the insurer. Any delays in 38 the issuance of the Notice to Proceed attributed to the failure to obtain the 39 proof of the State of Hawaii and its officers and employees' additional 40 insured status shall be charged to the Contractor. 41

42

A mere Certificate of Insurance issued by a broker who represents the Contractor (but not the Contractor's insurer), or by any other party who is not authorized to contractually name the State as an additional insured under the Contractor's insurance policy, is not sufficient to meet the Contractor's insurance obligations.

Certificates shall contain a provision that coverages being certified 49 will not be cancelled or materially changed without giving the Engineer at 50 least thirty (30) days prior written notice. Contractor will immediately 51 provide written notice to the Director should any of the insurance policies 52 53 evidenced on its Certificate of Insurance form be cancelled, reduced in scope or coverage, or not renewed upon expiration. Should any policy be 54 canceled before final acceptance of the work by the State, and the 55 Contractor fails to immediately procure replacement insurance as 56 specified, the State, in addition to all other remedies it may have for such 57 breach, reserves the right to procure such insurance and deduct the cost 58 59 thereof from any money due or to become due to the Contractor.

Nothing contained in these insurance requirements is to be 61 62 construed as limiting the extent of Contractor's responsibility for payment of damages resulting from its operations under this contract, including the 63 Contractor's obligation to pay liquidated damages, nor shall it affect the 64 Contractor's separate and independent duty to defend, indemnify and hold 65 the State harmless pursuant to other provisions of this contract. In no 66 instance will the State's exercise of an option to occupy and use 67 completed portions of the work relieve the Contractor of its obligation to 68 maintain the required insurance until the date of final acceptance of the 69 work. 70

All insurance described herein shall be primary and cover the insured for all work to be performed under the contract, all work performed incidental thereto or directly or indirectly connected therewith, including but not limited to traffic detour work, barricades, warnings, diversions, lane closures, and other work performed outside the work area and all change order work.

The Contractor shall, from time to time, furnish the Engineer, when requested, satisfactory proof of coverage of each type of insurance required covering the work. Failure to comply with the Engineer's request may result in suspension of the work, and shall be sufficient grounds to withhold future payments due the Contractor and to terminate the contract for Contractor's default.

(B) Types of Insurance. Contractor shall purchase and
 maintain insurance described below which shall provide coverage
 against claims arising out of the Contractor's operations under the

contract, whether such operations be by the Contractor itself or by any
 subcontractor or by anyone directly or indirectly employed by any of
 them or by anyone for whose acts any of them may be liable.
