

## **TABLE OF CONTENTS**

|                                                                       |    |
|-----------------------------------------------------------------------|----|
| INTRODUCTION .....                                                    | 1  |
| ENVIRONMENTAL SETTING .....                                           | 5  |
| LOCATION .....                                                        | 5  |
| CLIMATE.....                                                          | 6  |
| SOILS.....                                                            | 6  |
| VEGETATION .....                                                      | 6  |
| HISTORICAL SETTING.....                                               | 8  |
| TRADITIONAL POLITICAL BOUNDARIES .....                                | 8  |
| PRE-CONTACT ECONOMY AND LEGENDARY PLACES .....                        | 9  |
| PRE-CONTACT POLITICAL HISTORY .....                                   | 10 |
| EARLY POST-CONTACT HISTORY .....                                      | 11 |
| THE MĀHELE .....                                                      | 12 |
| LAND COMMISSION AWARDS .....                                          | 13 |
| MID 19TH CENTURY TO PRESENT.....                                      | 14 |
| PREVIOUS ARCHAEOLOGY.....                                             | 15 |
| REASONS FOR MONITORING .....                                          | 20 |
| MONITORING CONVENTIONS AND METHODS .....                              | 22 |
| LABORATORY ANALYSIS .....                                             | 24 |
| CURATION .....                                                        | 25 |
| REPORTING .....                                                       | 25 |
| ADDITIONAL REQUIREMENTS.....                                          | 26 |
| REFERENCES .....                                                      | 27 |
| APPENDIX A: SHPD COMMUNICATION.....                                   | A  |
| APPENDIX B: MINUTES OF THE HONOLUA BRIDGE REHABILITATION MEETING..... | B  |

## **LIST OF FIGURES**

|                                                                                                                                                            |    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| Figure 1: A portion of a 2017 USGS topographic map (Napili quadrangle) showing the location of the area of potential effects.....                          | 2  |
| Figure 2: A portion of a TMK map showing the area of potential effects within TMK: (2) 4-1-001 (County of Maui 2008) .....                                 | 3  |
| Figure 3: A 2013 Google Earth aerial photograph showing the location of the area of potential effects.....                                                 | 4  |
| Figure 4: Google Earth aerial photograph showing the soil series in the area of potential effects and in its vicinity .....                                | 7  |
| Figure 5: A portion of a 2017 USGS topographic map (Napili quadrangle) showing previous archaeology in the vicinity of the area of potential effects ..... | 16 |
| Figure 6: Archaeological sites documented in the vicinity of the area of potential effects.....                                                            | 21 |
