2
3 The bidder is directed to Subsection 105.16 – Subcontracts.

4
5 If the bid price for any proposal item having a maximum allowable bid
6 indicated therefore in any of the contract documents is in excess of such a
7 maximum amount, the bid price for such proposal item shall be adjusted to reflect
8 the limitation thereon. The comparison of bids to determine the successful
9 bidder and the amount of contract to be awarded shall be determined after such
10 adjustments are made, and such adjustments shall be binding upon the bidder.

11
12 The "SUM OF ALL ITEMS" will be used to determine the lowest
13 responsible bidder per area.

14
15 Notes:

- 16
17 1. Bid prices are for travel time, mileage and furnishing all labor, tools,
18 traffic controls, all applicable taxes, fees and equipment necessary
19 for all work shown and called for in accordance with the true intent
20 and meaning of the specifications.
21
22 2. Bidder may bid on any or all areas. To be considered, bidder must
23 submit a bid for all items within an area. Separate contracts will be
24 awarded for each area. If a bidder is determined the lowest bidder
25 for multiple areas, one combined contract will be awarded.
26
27 3. Any contract which is awarded shall be an open-ended contract
28 since the exact value of work to be performed during the contract
29 period cannot be determined beforehand. The unit price for each
30 item of work on any particular work order shall be that which
31 corresponds to the quantity of work for that item actually performed
32 for each work order.
33
34 4. The sum of all work and materials required to perform the required
35 repairs are issued on a "single work order." A single work order
36 shall be a work order submitted by the Engineer for work that can
37 be performed by the Contractor without relocating a distance of
38 more than 1 mile between any two adjacent repair locations.
39
40 5. The "Approx. Minimum and Maximum Quantity" on the proposal
41 schedule is for bidding purposes only, and this is no guarantee of
42 the quantity of work that will be issued.
43
