**The contractor may provide a temporary toilet at their own cost if they choose to. It is not a requirement. The State will not provide a temporary toilet.**

4. Can the Contractor submit a general traffic control plan or does it need to be site specific?

**The Field Engineer may require site specific traffic control plans.**

5. Does the Prime Contractor Supervisor have to remain on site with the Subcontractor?

**The Prime Contractor Supervisor is not required to be on site with its Subcontractors, but will be responsible for all actions by its Subcontractors.**
