HIGHWAYS DIVISION  
DESIGN BRANCH  
HIGHWAY DESIGN SECTION  
601 KAMOKILA BOULEVARD, ROOM 609  
KAPOLEI, HAWAII 96707

PRE-BID CONFERENCE MINUTES  
601 KAMOKILA BOULEVARD, CONFERENCE ROOM 111A  
KAPOLEI, HAWAII 96707  
JANUARY 4, 2011

**PROJECT:** SIGN REPLACEMENT AT VARIOUS LOCATIONS  
ISLAND OF OAHU

**PROJECT NUMBER:** HWY-OM-2011-47

The pre-bid conference began at 9:00 AM. It was opened by stating this is an open-ended project and this conference would answer any questions related to the specifications.

1. Question: In the Section 104 – Scope of Work, what does “respond” mean (line 13)?  
Response: In this context, respond means to acknowledge the request to the Highways Division Field Engineer.
2. Question: Will there be any electrical work? Will we need to have an electrical contractor as a subconsultant?  
Response: There will be no electrical work.
3. Question: Are destination signs included in this contract?  
Response: Yes, see Section 110-1a.
4. Question: How will we know if a sign is older than 10 years old?  
Response: You can ask the Highways Division Field Engineer.
5. Question: Do we need either a Type A license or a C-14 license?  
Response: Yes.
6. Question: Will painting be needed? And if so, will a painting subcontractor be needed?  
Response: There will be no painting work.
7. Question: What is a slip base post? Is it two flanges bolted at the base?  
Response: Generally, yes.

8. Question: Will Traffic Control be included?  
Response: Yes, traffic control is included in the various contract items of Section 630, 631 and 632.
9. Question: Will the foundations need to be replaced when the sign post is damaged?  
Response: Yes.
10. Question: Will there be storage space available for the signs and is it at no cost to the contractor?  
Response: If available, the State may be able to provide storage space, but this is not guaranteed.
11. Question: For certain cases, are supplies allowed to be borrowed from the State by the contractor, then replaced by the contractor when they arrive?  
Response: The Highways Division Field Engineer can review and approve these requests.
12. Question: Does the contractor need to already have a minimum inventory of supplies?  
Response: No.
13. Question: How many signs or square feet of signs were replaced in the past contracts?  
How many work orders were done in the past contracts?  
Response: This information is not available.
14. Question: Will certified payroll need to be submitted every week?  
Response: Yes.
15. Question: How is the billing handled? Can the contractor bill several work orders together?  
Response: The billings are to be submitted monthly and shall include all work orders worked on within the month.
16. Question: Are new hardware required for replacement of mast arm signs, including but not limited to brackets, adjustable brackets, nuts, bolts, and angle metal bars?  
Response: Yes.
17. Question: Will DG<sup>3</sup> sheeting be required on all expressway and destination signs?  
Response: Not at this time.
18. Question: Will anti-graffiti film or coating be required on regulatory and warning signs?  
Response: No.

- 
19. Question: Will RM-3 reflectors (without posts) be required on all posts in this project? There is no line item for it. If required, which line items are they going to be required on?
- Response: If the existing posts have RM-3 reflectors, then they shall be replaced. The cost is incidental to the sign and/or post replacement.
20. Question: Will the attaching hardware to mount new expressway/destination signs be required? There is no call out for that in the provisions. Do we use new hardware or the existing hardware?
- Response: Yes, new hardware is required and the cost is incidental to the expressway/destination sign.
21. Question: Will double strapping of signs attached to existing poles be required? If so, which signs and who is to determine, for example the "windy locations."
- Response: All signs replaced on existing poles will require double strapping. The cost of the double strapping is incidental to the replacement sign.

The pre-bid conference concluded at 9:40 AM.
