PREFERENCES FOR AREA 2

Bidders agree that preferences shall be taken into consideration to determine the low bidder in accordance with said Sections and the rules promulgated, however, the award of contract will be in the amount of the bid offered exclusive of any preferences.

A. HAWAII PRODUCTS PREFERENCE

It is understood that certain Hawaii Products may be acceptable for use in this project and that, pursuant to Sections 103D-1002, HRS, which provides preference for Hawaii Products, a bidder proposing to use such Hawaii products shall so designate in the schedule provided below.

If a bidder proposes to use Hawaii Products, the bidder must so designate in said schedule by entering the cost of such product in the appropriate space provided. Failure on the part of the bidder to designate the use of Hawaii products will automatically void any preference for that product.

Persons desiring to qualify product(s) not currently on the list, shall complete form SPO-38, *Certification for Hawaii Product Preference* in accordance with the Special Provisions of these specifications.

It is understood by the bidder that if the bidder elects to furnish qualified Hawaii Products, and is awarded the contract, then fails to use such products or meet the requirements of such preference, the bidder shall be subject to the statutory penalties, provided in Section 103D-1002, Hawaii Revised Statute, and such other remedies as may be available to the State.

() Yes, I propose to use Hawaii Products and claim the Hawaii Products Preference. I have filled in the table on the following pages as applicable.

B. APPRENTICESHIP PROGRAMS PREFERENCE

In accordance with ACT 17, SLH 2009 – Apprenticeship Program, a 5% bid adjustment for bidders that are parties to apprenticeship agreements pursuant to Hawaii Revised Statutes (HRS) Section 103-55.6 may be applied to the bidder's price for evaluation purposes

Any bidder seeking this preference must be a party to an apprenticeship agreement registered with the Department of Labor and Industrial Relations at the time the offer is made for each apprenticeable trade the bidder will employ to construct the public works projects for which the offer is being made.

The bidder is responsible for complying with all submission requirements for registration of its apprenticeship program before requesting the preference.

() Yes, I wish to be considered for the Apprenticeship Programs Preference. I have included Certification Form(s) 1 with my bid.

C. RECYCLED PRODUCT PREFERENCE

Recycled product preference shall not apply to this proposal.

SIDEWALK REPAIRS AT VARIOUS LOCATIONS

PROJECT NO. HWY-OM-2014-39

PRE-BID MEETING NOTES AUGUST 12, 2014

The following notes are from the Hawaii Department of Transportation (HDOT) pre-bid meeting with prospective bidders for the Fencing Repairs at Various Locations project.

The meeting was held at the Kakuhihewa Building in Kapolei, Room 609 at 9:30 am.

A sign-in sheet with the names of the attendees is attached.

All attendees were reminded that since this is an open-ended project, the Contractor's bid security must be in the amount of \$6,250 per area. Bidders shall submit separate bid securities for each area. Contractors can refer to Special Provisions Section 102 for more information.

Questions:

1. Should the bid amounts include mobilization and traffic control?

Yes.

2. Is it possible that mobilization and traffic control will cost more than the actual fencing work?

Yes.

3. Will the work order be for small or large amounts?

Work orders could be for either amounts.

4. To clarify, the work order could include any combination of the items listed in the Proposal Schedule? Not necessarily all of the items shown.

Yes.

5. How long will each work order take to complete?

It will vary per work order depending on the amount of fencing needed.

6. Can we submit bids online?

No. All bids will be submitted to our Contracts Office at the HDOT Punchbowl building.

The meeting ended at 9:40 am.

All items discussed at this meeting will be reflected in Addendum No. 1.
