PROPOSAL SCHEDULE

If the bid price for any proposal item having a maximum allowable bid indicated therefore in any of the contract documents is in excess of such a maximum amount, the bid price for such proposal item shall be adjusted to reflect the limitation thereon. The comparison of bids to determine the successful bidder and the amount of contract to be awarded shall be determined after such adjustments are made, and such adjustments shall be binding upon the bidder.

The "SUM OF ALL ITEMS" will determine the lowest responsible bidder for each area.

Notes:

1. Bids shall include all Federal, State, County and other applicable taxes and fees.
2. Bidders must complete all unit prices and amounts. Failure to do so may be grounds for rejection of bid.
3. If a discrepancy occurs between unit bid price and the bid price, the unit bid price shall govern.
4. The bidder shall submit the proposal in HlePRO. The proposal shall be UPLOADED to HlePRO prior to the bid opening date and time. Proposals received after said due date and time shall not be considered. Original (wet ink) proposal documents are not required to be submitted. The award will be made based on proposals uploaded in HlePRO. Any and all other additional documents explicitly designated and labeled as CONFIDENTIAL OR PROPRIETARY shall be UPLOADED SEPARATELY to HlePRO.
5. Bid prices are for travel time, mileage and furnishing all labor, tools, traffic controls, all applicable taxes, fees and equipment necessary for all work shown and called for in accordance with the true intent and meaning of the specifications.
6. Bidder may bid on any or all groups. To be considered, bidder must submit a bid for all items within a group. Separate contracts will be awarded for each area. If a bidder is determined the lowest bidder for multiple areas, one combined contract will be awarded.
7. Any contract which is awarded shall be an open-ended contract since the exact value of work to be performed during the contract period cannot be determined beforehand. The unit price for each item of work on any

particular work order shall be that which corresponds to the quantity of work for that item actually performed for each work order.

8. The sum of all work and materials required to perform the required repairs which are issued on a “single work order.” A single work order shall be a work order submitted by the Contractor for work that can be performed by the Contractor without relocating a distance of more than 3,000 feet between any two adjacent repair locations.
9. The “Approx. Quantity” on the proposal schedules reflects a typical quantity for each repair location to be used for bidding purposes.
10. Preference for Hawaii Products – In accordance with ACT 174, SLH 2022, effective June 27, 2022, Hawaii Products Preference shall not apply to solicitations for public works construction. Therefore, the Hawaii Products Preference shall not apply to this project.
