**PRE-BID MEETING NOTES**

601 KAMOKILA BOULEVARD, CONFERENCE ROOM 282  
KAPOLEI, HAWAII 96707  
JUNE 3, 2015 - 9:00 AM

**PROJECT:** CENTRAL OAHU BEST MANAGEMENT PRACTICES,  
ERODED SLOPE REPAIRS, PHASE 1

**PROJECT NUMBER:** HWY-O-04-15M

Pre-bid meeting began at 9:03 AM. Opened the meeting by welcoming everyone and all in attendance introduced themselves.

1) What are the HECO notes for?

**Response:** Although there is no utility work in the project, the notes are there for reference in case utilities are inadvertently encountered.

2) Are bids to be submitted to the Punchbowl office?

**Response:** Yes, bids are to be received at the Contracts Office.

3) What is the budget for the project? Will sites be removed if the bids are over the budget?

**Response:** The Notice to Bidders shows the construction estimate. Sites may be removed if the project is over-budget.

4) What does PID stand for?

**Response:** PID is Project ID. It is a numerical way to keep track of the sites.

5) In the culvert rehabilitation, are we supposed to slip line the existing pipe?

**Response:** In the last site of Phase 2, the existing corrugated metal pipe stays in place. The contractor has the option of sliplining the pipe or using CIPP (cured in place pipe).

Pre-bid meeting concluded at 9:13 AM.
