GENERAL NOTES

- The Contractor shall furnish, deliver and install pavement markers in accordance with the Special Provisions and plans.
- The Contractor shall stake out the pavement marker locations as directed by the Engineer.
- Crosswalks, stop lines and all other painted stripes shall be done by State forces.
- Wherever striping is required, the Contractor shall install the pavement markers only after striping has been completed by State forces.
- Upon award of Contract the State will furnish the Contractor with one set of plans showing the roadway geometric controls. This will be useful for planning the pavement marker stake out.
