HIGHWAY LIGHTING NOTES

1. The Contractor shall notify the Joint Pole Committee two (2) weeks in advance of any relocation of utility poles.
2. The Contractor shall notify the Highway Lighting Supervisor, Department of Transportation, three (3) working days prior to commencing work on the lighting system at State Highways Division, 727 Kakoi Street.
3. The lighting system shall be kept operational during construction. Any relocation required shall be approved by the Highway Lighting Supervisor, Department of Transportation and paid for by the Contractor.
4. The Contractor shall be responsible for any damages to existing street lighting facilities and damages shall be repaired by the Contractor at no cost to the State.
5. The Contractor shall measure and record the ground resistance at each standard with no external ground wires connected to the ground rod. The Contractor shall schedule ground resistance measurements 48 hours in advance and shall not proceed with measurements until approval is granted. Schedules are subject to change depending upon weather conditions. Reports shall include name of personnel conducting the test, meter type and serial number, date of test and soil conditions. Test results shall be certified by the Contractor and submitted to the State Highways Division, 727 Kakoi Street.
6. The Contractor shall not backfill trenches until approval is granted by the Highway Lighting Supervisor.
7. The final locations of all highway lighting equipment shall be approved by the Engineer.
8. All existing highway lighting equipment not incorporated into the final lighting system shall be abandoned or removed as directed by the Engineer.
