

**Attachment C - Construction Schedule (SWPPP Section 7.2.5)****CONSTRUCTION SCHEDULE**

The date when the SWPPP, including erosion control measures will be implemented: Nov 1, 2016

*All Perimeter Sediment Control, Check Dam, and Inlet Protection BMPs will be installed prior to construction. These BMPs meet Section 5.1.1.3.1 as the inlets protected, the check dam are downstream of swale area, and the perimeter control BMPs are downstream of the paving work. These BMPs will be installed per the manufacturer's recommendations.*

The date when the general contractor will begin the earth-disturbing activities: Nov 15, 2016

Cessation, temporarily or permanently, of construction activities on the site: Oct 25, 2017  
*Resurfacing, reconstructing weakened pavement areas, constructing new curb and gutter, sidewalk, and curb ramps, adjusting utilities, installation of traffic counting stations, and drainage and guardrail improvements will be completed on November 15, 2017.*

Final or temporary stabilization of areas of exposed soil: Oct 25, 2017  
*Resurfacing areas will be stabilized with asphalt. Curb and gutter, sidewalk, and curb ramps will be stabilized with concrete. The grass in the shoulder are expected to be uniform distribution without large bare areas and 70% of the density of the previous coverage.*

The date when the general contractor will end site disturbance: Oct 25, 2017

The date when erosion control measures will be removed: Nov 8, 2017

The date when the Notice of Cessation form will be submitted: Nov 15, 2017
