Amend **Section 101 - TERMS, ABBREVIATIONS, AND DEFINITIONS** to read as follows:

## "DIVISION 100 - GENERAL PROVISIONS

## **SECTION 101 - TERMS, ABBREVIATIONS, AND DEFINITIONS**

 **101.01 Meaning of Terms.** The specifications are generally written in the imperative mood. In sentences using the imperative mood, the subject, "the Contractor shall", is implied. In the material specifications, the subject may also be the supplier, fabricator, or manufacturer supplying material, products, or equipment for use on the project. The word "will" generally pertains to decisions or actions of the State.

When a publication is specified, it refers to the most recent date of issue, including interim publications, before the bid opening date for the project, unless a specific date or year of issue is provided.

**101.02 Abbreviations.** Meanings of abbreviations used in the specifications, on the plans, or in other contract documents are as follows:

22	AAN	American Association of Nurserymen
23		
24	AASHTO	American Association of State Highway and
25		Transportation Officials
26		
27	ACI	American Concrete Institute
28

136

**101.03 Definitions.** Whenever the following words, terms, or pronouns are used in the contract documents, unless otherwise prescribed therein and without regards to the use or omission of uppercase letters, the intent and meaning shall be interpreted as follows:

137 138 139

140

**Addendum (plural - Addenda) -** A written or graphic document, including drawings and specifications, issued by the Director during the bidding period.

143	
144	Addition (to the contract sum) - Amount added to the contract sum by change
145	order.
146	
147	Advertisement - A public announcement inviting bids for work to be performed or
148	materials to be furnished.
149	materials to be farmeried.
150	Amendment - A written document issued to amend the existing contract between
151	the State and Contractor and properly executed by the Contractor and Director.
152	and state and sommation and properly should by the sommation and birestor.
153	Award - Written notification to the bidder that the bidder has been awarded a
154	contract.
155	oontidot.
156	Bad Weather Day (or Unworkable Day) - A day when weather or other conditions
157	prevent a minimum of four hours of work with the Contractor's normal work force
157	on critical path activities at the site.
159	on childar path activities at the site.
160	Bag - 94 pounds of cement.
161	bay - 94 pounds of cernent.
162	Barrel - 376 pounds of cement.
163	barrer - 370 pourius or cement.
164	Base Course - The layer or layers of specified material or selected material of a
165	designed thickness placed on a subbase or subgrade to support a surface course.
166	designed inickness placed on a subbase of subgrade to support a surface codise.
167	Basement Material - The material in excavation or embankments underlying the
168	lowest layer of subbase, base, pavement, surfacing or other specified layer.
169	lowest layer of subbase, base, pavernerit, surfacing of other specified layer.
170	Bid - See Proposal.
171	bid - See i Toposai.
172	<b>Bidder</b> - An individual, partnership, corporation, joint venture or other legal entity
173	submitting, directly or through a duly authorized representative or agent, a
174	proposal for the work or construction contemplated.
175	proposal for the work of construction contemplated.
176	Bidding Documents (or Solicitation Documents) - The published solicitation
177	notice, bid requirements, bid forms and the proposed contract documents
178	including all addenda and clarifications issued prior to receipt of the bid.
179	including all addenda and clarifications issued prior to receipt of the bid.
180	Bid Security - The security furnished by the bidder from which the State may
181	recover its damages in the event the bidder breaches its promise to enter into a
182	contract with the State, or fails to execute the required bonds covering the work
183	contemplated, if its proposal is accepted.
184	contemplated, if its proposal is accepted.
1 O T	

This document modifies or interprets the bidding documents by additions,

deletions, clarifications or corrections.

187

division of Penton, Inc.

Blue Book - EquipmentWatch Cost Recovery (formerly known as

EquipmentWatch Rental Rate Blue Book), available from EquipmentWatch, a

Calendar Day - See Day.

Change Order (or Contract Change Order) - A written order signed by the Engineer issued with or without the consent of the Contractor directing changes in the work, contract time or contract price. The purposes of a change order include, but are not limited to (1) establishing a price or time adjustment for changes in the work; (2) establishing full payment for direct, indirect, and consequential costs, including costs of delay; (3) establishing price adjustment or time adjustment for work covered and affected by one or more field orders; or (4) settling Contractor's claims for direct, indirect, and consequential costs, or for additional contract time, in whole or in part.

**Completion -** See Substantial Completion and Final Completion.

**Completion Date -** The date specified by the contract for the completion of all work on the project or of a designated portion of the project.

**Comptroller -** the Comptroller of the State of Hawaii, Department of Accounting and General Services.

**Contract** - The written agreement between the Contractor and the State, by - which the Contractor shall provide all labor, equipment, and materials and perform the specified work within the contract time stipulated, and by which the State of Hawaii is obligated to compensate the Contractor at the prices set forth in the contract documents.

**Contract Certification Date -** The Date on which the Deputy Comptroller for the State of Hawaii (or authorized representative) signs the Contract Certification.

**Contract Completion Date -** The calendar day on which all work on the project, required by the contract, must be completed. See CONTRACT TIME.

**Contract Documents -** The contract, solicitation, addenda, notice to bidders, Contractor's bid proposal (including wage schedule, list of subcontractors and other documentations accompanying the bid), notice to proceed, bonds, general provisions, special provisions, specifications, drawings, all modifications, all written amendments, change orders, field orders, orders for minor changes in the work, the Engineer's written interpretations and clarifications issued on or after the effective date of the contract.

**Contract Item (Pay Item)** - A specific unit of work for which there is a price in the contract.

**Contract Modification (Modification) -** A change order that is mutually agreed to and signed by the parties to the contract.

**Contract Price -** The amount designated on the face of the contract for the performance of work.

Contract Time (or Contract Duration) - The number of calendar or working days provided for completion of the contract, inclusive of authorized time extensions. Contract time shall commence on the Start Work Date and end on the Substantial Completion Date. If in lieu of providing a number of calendar or working days, the contract requires completion by a certain date, the work shall be completed by that date.

**Contracting Officer -** See Engineer.

**Contractor** - Any individual, partnership, firm, corporation, joint venture, or other legal entity undertaking the execution of the work under the terms of the contract with the State.

**Critical Path -** Longest logical sequence of activities that must be completed on schedule for the entire project to be completed on schedule.

**Day -** Any day shown on the calendar, beginning at midnight and proceeding up to, but not including, midnight the following day. If no designation of calendar or working day is made, "day" shall mean calendar day.

**Department** - The Department of Transportation of the State of Hawaii (abbreviated HDOT).

**Director** - The Director of the HDOT acting directly or through duly authorized representatives.

**Plans (or Drawings) -** The contract drawings in graphic or pictorial form including the notes, tables and other notations thereon indicating the design, location, character, dimensions, and details of the work.

**Engineer -** The Highway Administrator, Highways Division, HDOT, or the authorized person delegated to act on the Administrator's behalf.

**Equipment -** All machinery, tools, and apparatus needed to complete the contract.

**Field Order** - A written order issued by the Engineer or the Engineer's authorized representative to the Contractor requiring a change or changes to the contract work. A field order may (1) establish a price adjustment or time adjustment; or (2) may declare that no adjustment will be made to contract price or contract time; or (3) may request the Contractor to submit a proposal for an adjustment to the contract price or contract time.

281	Final Acceptance - The Status of the project when the Engineer finds that the
282	Contractor has satisfactorily completed all contract work in compliance with the
283	contract including all plant establishment requirements, and all the materials have
284	been accepted by the State.
285	
286	Final Completion - The date set by the Director that all work required by the
287	contract has been completed in full compliance with the contract documents.
288	
289	Final Inspection - Inspection where all contract items (with the exception of
290	Planting Period and Plant Establishment Period) are accepted by the Engineer.
291	Substantial Completion will be issued by the Engineer based on the satisfactory
292	results of the Final Inspection.
293	
294	Float - The amount of time between when an activity can start and when an activity
295	must start, i.e., the time available to complete non-critical activities required for
296	the performance of the work without affecting the critical path.
297 298	Cuarantee Legally enforceable accurance of the duration of entirfactory
298	<b>Guarantee -</b> Legally enforceable assurance of the duration of satisfactory performance of quality of a product or work.
300	performance of quality of a product of work.
301	Hawaii Administrative Rules - Rules adopted by the State in accordance with
302	Chapter 91 of the Hawaii Revised Statutes, as amended.
303	Onapter of the Hawaii Nevised Statutes, as amended.
304	Highway (Street, Road, or Roadway) - A public way within a right-of-way
305	designed, intended, and set aside for use by vehicles, bicyclists, or pedestrians.
306	5 , , , , , , , , , , , , , , , , , , ,

Highways Division - The Highways Division of the Hawaii Department of Transportation constituted under the laws of Hawaii for the administration of highway work.

325

Holidays - The days of each year which are set apart and established as State holidays pursuant to Chapter 8 of the Hawaii Revised Statutes, as amended.

**Inspector** - The Engineer's authorized representative assigned to make detailed inspections of contract performance, prescribed work, and materials supplied.

Laboratory - The testing laboratory of the Highways Division or other testing laboratories that may be designated by the Engineer.

**Laws -** All Federal, State, and local laws, executive orders and regulations having the force of law.

- Leveling Course An aggregate mixture course of variable thickness used to restore horizontal and vertical uniformity to existing pavements or shoulders.
- 326 **Liquidated Damages -** The amount prescribed in Subsection 108.08 - Liquidated Damages for Failure to Complete the Work or Portions of the Work on Time, to be 327

paid to the State or to be deducted from any payments payable to or, which may become payable to the Contractor.

**Lump Sum (LS) -** When used as a payment method means complete payment for the item of work described in the contract documents.

**Material** - Any natural or manmade substance or item specified in the contract to be incorporated in the work.

**Notice to Bidders** - The advertisement for proposals for all work or materials on which bids are required. Such advertisement will indicate the location of the work to be done or the character of the material to be furnished and the time and place for the opening of proposals.

**Notice to Proceed -** Written notice from the Engineer to the Contractor identifying the date on which the Contractor is to begin procuring materials and required permits and adjusting work forces, equipment, schedules, etc. prior to beginning physical work.

**Pavement -** The uppermost layer of material placed on the traveled way or shoulders or both. Pavement and surfacing may be interchangeable.

**Pavement Structure -** The combination of subbase, base, pavement, surfacing or other specified layer of a roadway constructed on a subgrade to support the traffic load.

**Payment Bond -** The security executed by the Contractor and surety or sureties furnished to the Department to guarantee payment by the Contractor to laborers, material suppliers and subcontractors in accordance with the terms of the contract.

**Physical Work -** Physical construction activities on the project site or at appurtenant facilities including staging areas. It includes (i) building or installing any structures or facilities including, but not limited to sign erection; BMP installation; field office site grading and building; (ii) removal, adjustment, or demolition of physical obstructions on site; (iii) any ground breaking activities; and (iv) any utility work. It does not include pre-construction environmental testing (such as water quality baseline measurements) that may be required as part of contract.

**Pre-Final Inspection -** Inspection scheduled when Contractor notifies Engineer that all physical work on the project, with the exception of planting period and plant establishment period, has been completed. Notice from Contractor of substantial completion will suspend contract time until Contractor receives punchlist from Engineer.

**Profile Grade -** The elevation or gradient of a vertical plane intersecting the top surface of the proposed pavement.

**Project Acceptance Date -** The calendar day on which the Engineer accepts the project as completed. See Final Completion.

**Proposal (Bid)** - The executed document submitted by a Bidder in response to a solicitation request, to perform the work required by the proposed contract documents, for the price quoted and within the time allotted.

Public Traffic - Vehicular or pedestrian movement on a public way.

**Punchlist -** A list compiled by the Engineer specifying work yet to be completed or corrected by the Contractor in order to substantially complete the contract.

**Questionnaire** - The specified forms on which the bidder shall furnish required information as to its ability to perform and finance the work.

**Request for Change Proposal** - A written notice from the Engineer to the Contractor requesting that the Contractor provide a price and/or time proposal for contemplated changes preparatory to the issuance of a field order or change order.

**Right-of-Way -** Land, property, or property interests acquired by a government agency for, or devoted to transportation purposes.

**Roadbed -** The graded portion of a highway within top and side slopes, prepared as a foundation for the pavement structure and shoulders.

**Roadside -** The area between the outside edges of the shoulders and the right-ofway boundaries. Unpaved median areas between inside shoulders of divided highways and infield areas of interchanges are included.

**Section and Subsection -** Section or subsection shall be understood to refer to these specifications unless otherwise specified.

**Shop Drawings** - All drawings, diagrams, illustrations, schedules and other data or information which are specifically prepared or assembled by or for the Contractor and submitted by the Contractor to illustrate some portion of the work.

**Shoulder -** The portion of the roadway next to the traveled way for: accommodation of stopped vehicles, placement of underground facilities, emergency use, and lateral support of base and surface courses.

Sidewalk - That portion of the roadway primarily constructed for use by pedestrians.

**Solicitation -** An invitation to bid or request for proposals or any other document issued by the Department to solicit bids or offers to perform a contract. The

421 422 423	solicitation may indicate the time and place to receive the bids or offers and the location, nature and character of the work, construction or materials to be provided.
424 425 426	<b>Specifications</b> - Compilation of provisions and requirements to perform prescribed work.
427 428 429	(A) Standard Specifications. Specifications by the State intended for general application and repetitive use.
430 431 432	<b>(B) Special Provisions.</b> Revisions and additions to the standard specifications applicable to an individual project.
433 434 435	<b>Standard Plans -</b> Drawings provided by the State for specific items of work approved for repetitive use.
436 437 438	<b>State -</b> The State of Hawaii, its Departments and agencies, acting through its authorized representative(s).
439 440 441 442 443 444	<b>State Waters –</b> All waters, fresh, brackish, or salt, around and within the State, including, but not limited to, coastal waters, streams, rivers, drainage ditches, ponds, reservoirs, canals, ground waters, and lakes; provided that drainage ditches, ponds, and reservoirs required as a part of a water pollution control system are excluded.
445 446 447	<b>Start Work Date -</b> Date on which Contractor begins physical work on the contract. This date shall also be the beginning of Contract Time.
448 449 450 451	<b>Structures</b> - Bridges, culverts, catch basins, drop inlets, retaining walls, cribbing, manholes, endwalls, buildings, sewers, service pipes, underdrains, foundation drains, and other such features that may be encountered in the work.
452 453 454	<b>Subbase</b> - A layer of specified material of specified thickness between the subgrade and a base.
455 456 457 458	<b>Subcontract</b> - Any written agreement between the Contractor and its subcontractors which contains the conditions under which the subcontractor is to perform a portion of the work for the Contractor.
459 460	<b>Subcontractor</b> - An individual, partnership, firm, corporation, joint venture or other legal entity, as licensed or required to be licensed under Chapter 444, Hawaii

NH-083-1(77) 101-10

Revised Statutes, as amended, which enters into an agreement with the

Subgrade - The top surface of completed earthwork on which subbase, base,

surfacing, pavement, or a course of other material is to be placed.

Contractor to perform a portion of the work.

Addendum No.3 5/6/21

467	Substantial	Completion - The Status of the project when the Contractor has
468		ne work, except for the planting period and plant establishment period,
469		the following requirements are met:
470		5 1
471	(1)	All traffic lanes (including shoulders, ramps, sidewalks and bike
472	( )	paths) are in their final configuration as designed and the final
473		wearing surface has been installed;
474		,
475	(2)	All operational and safety devices have been installed in accordance
476		with the contract documents including guardrails, end treatments,
477		traffic barriers, required signs and pavement markings, drainage,
478		parapet, and bridge and pavement structures;
479		
480	(3)	All required illumination and lighting for normal and safe use and
481		operation is installed and functional in accordance with the contract
482		documents;
483		
484	(4)	All utilities and services are connected and working;
485	<b>4-</b> 3	
486	(5)	The need for temporary traffic controls or lane closures at any time
487		has ceased, except for lane closures required for routine
488		maintenance;
489	<b>(C)</b>	The building etweeture improvement or facility can be used for its
490	(6)	The building, structure, improvement or facility can be used for its
491 492		intended purpose.
492	Substantial	Completion Date - The date the Substantial Completion is granted
494		neer in Writing and Contract Time stops.
495	by the Engli	ice in writing and contract time stops.
496	Superinten	dent - The employee of the Contractor who is responsible for all the
497	•	a Contractor's agent for communications to and from the State.
498		
499	Suretv - Th	e qualified individual, firm or corporation other than the Contractor,
500	•	utes a bond with and for the Contractor to insure its acceptable
501		e of the contract.
502	•	
503	Surfacing -	The uppermost layer of material placed on the traveled way or
504	shoulders.	This term is used interchangeably with pavement.
505		
506		/ay - The portion of the roadway for the movement of vehicles,
507	exclusive of	shoulders.
508		
509		Material - Materials that contain organic matter, muck, humus, peat,
510		is, chemicals, toxic matter, or other deleterious materials not suitable
511	for use in ea	irthwork.

<ul><li>513</li><li>514</li><li>515</li><li>516</li></ul>	<b>Utility</b> - A line, facility, or system for producing, transmitting, or distributing communications, power, electricity, heat, gas, oil, water, steam, waste, or storm water.
517 518 519 520 521	<b>Utility Owner -</b> The entity, whether private or owned by a State, Federal, or County governmental body, that has the power and responsibility to grant approval for, or undertake construction work involving a particular utility.
522 523 524 525 526	<b>Water Pollutant -</b> Dredged spoil, solid refuse, incinerator residue, sewage, garbage, sewage sludge, munitions, chemical waste, biological materials, radioactive materials, heat, wrecked or discarded equipment, rock, sand, soil, sediment, cellar dirt and industrial, municipal, and agricultural waste.
527 528 529 530 531 532 533 534 535 536 537 538	<b>Water Pollution - (1)</b> Such contamination or other alteration of the physical, chemical, or biological properties of any state waters, including change in temperature, taste, color, turbidity, or odor of the waters, or <b>(2)</b> Such discharge of any liquid, gaseous, solid, radioactive, or other substances into any state waters, as will or is likely to create a nuisance or render such waters unreasonably harmful, detrimental, or injurious to public health, safety, or welfare, including harm, detriment, or injury to public water supplies, fish and aquatic life and wildlife, recreational purposes and agricultural and industrial research and scientific uses of such waters or as will or is likely to violate any water quality standards, effluent standards, treatment and pretreatment standards, or standards of performance for new sources adopted by the Department of Health.
539 540 541 542	<b>Work -</b> The furnishing of all labor, material, equipment, and other incidentals necessary or convenient for the successful execution of all the duties and obligations imposed by the contract.
543 544 545	<b>Working Day -</b> A calendar day in which a Contractor is capable of working four or more hours with its normal work force, exclusive of:
546 547 548	(1) Saturdays, Sundays, and recognized legal State holidays and such other days specified by the contract documents as non-working days,
549 550 551 552 553 554	(2) Day in which the Engineer suspends work for four or more hours through no fault of the Contractor."
555 556	END OF SECTION 101
