

Attachment C - Construction Schedule (SWPPP Section 7.2.5)

CONSTRUCTION SCHEDULE

The date when the SWPPP, including erosion control measures will be implemented: Jan 2, 2019
All Perimeter Sediment Control, Inlet Protection, and Construction Entrance/Exit BMPs will be installed prior to construction. These temporary BMPs meet Section 5.1.1.3.1 as the inlets protected and the perimeter control BMPs are downstream of the construction. These temporary BMPs will be installed per the manufacturer's recommendations.

The date when the general contractor will begin the earth-disturbing activities: August 20, 2019

Cessation, temporarily or permanently, of construction activities on the site: November 6, 2019
Construction of PBMP C, associated connected piping and structures, and site restoration work will be completed on October 30, 2019.

Final or temporary stabilization of areas of exposed soil: November 6, 2019

Cessation, temporarily or permanently, of construction activities on the site: December 16, 2019

Final or temporary stabilization of areas of exposed soil: November 6, 2019
The grass is expected to be of uniform distribution without large bare areas and 70% of the density of the previous coverage by November 6, 2019.

The date when the general contractor will end site disturbance: November 6, 2019

The date when erosion control measures will be removed: December 15, 2019

The date when the Notice of Cessation form will be submitted: December 16, 2019
