GENERAL NOTES

1. The scope of work for this project consists of constructing a 4 foot bituminous sidewalk, a 4 foot concrete sidewalk, curbing, and wheelchair ramps, install, remove and relocate signs, and installing a 6 foot chain link fence, pavement striping and markings.
2. The existence and location of underground utilities, appurtenances and structures as shown on the plans are from the latest available data but the accuracy is not guaranteed. The encountering of other obstacles during the course of the work is possible. The Contractor shall be held liable for any damages incurred to the existing facilities and/or improvements as a result of his operations.
3. The Contractor shall exercise extreme caution whenever construction is in close proximity of the underground signal corps line.
4. The exact limits of constructing the specified items are approximate. The exact locations shall be determined in the field by the Engineer.
5. Removal and disposal of existing sign and post at the location of O.B. @ Sta. 59+75± will not be measured and paid for separately but shall be considered incidental to the various contract items in the proposal.
6. The Contractor's attention is directed to Subsection 107.13 - Public Convenience and Safety; Section 645 - Traffic Control of the Special Provisions and Subsection 107.21 - Contractor's Responsibility for Utility Property and Service for Hawaiian Electric Co., Hawaiian Telephone Co., Board of Water Supply and Wastewater Management (Sewer) Utility Notes.
7. Removal of existing stopbar at the location of O.B. @ Sta. 67+30± will not be measured and paid for separately but shall be considered incidental to various contract items in the proposal.
