

1       **SECTION 107 - LEGAL RELATIONS AND RESPONSIBILITY TO PUBLIC**

2  
3       Make the following amendments to said Section:

4  
5       **(I)**       Amend **Section 107.01 Insurance Requirements** from lines 5 to 81 to  
6       read as follows:

7  
8       **“(A) Obligation of Contractor.** Contractor shall not commence any  
9       work until it obtains, at its own expense, all required insurance described  
10      herein. Such insurance shall be provided by an insurance company  
11      authorized by the laws of the State to issue such insurance in the State of  
12      Hawaii. Coverage by a “Non-Admitted” carrier is permissible provided the  
13      carrier has a Best’s Rating of “A-VII” or better. The Contractor shall  
14      maintain and ensure all insurance policies are current for the full period of  
15      the contract until final acceptance of the work by the State.  
16

17               The Certificate of Insurance shall contain: a clause that it is agreed  
18      that any insurance maintained by the State of Hawaii will apply in excess  
19      of, and not contribute with, insurance provided by this policy; and shall be  
20      accompanied by endorsement form CG2010 or equivalent naming the  
21      State as an additional insured to the policy which status shall be  
22      maintained for the full period of the contract until final acceptance of the  
23      work by State.  
24

25               The Contractor shall obtain all required insurance as part of the  
26      contract price. Where there is a requirement for the State of Hawaii and  
27      its officers and employees to be named as additional insureds under any  
28      Contractor’s insurance policy, before the State of Hawaii issues the Notice  
29      to Proceed, the Contractor shall obtain and submit to the Engineer a  
30      Certificate of Insurance and a written policy endorsement that confirms the  
31      State of Hawaii and its officers and employees are additional insureds for  
32      the specific State project number and project title under such insurance  
33      policies. The written policy endorsement must be issued by the insurance  
34      company insuring the Contractor for the specified policy type or by an  
35      agent of such insurance company who is vested with the authority to issue  
36      a written policy endorsement. The insurer’s agent shall also submit  
37      written confirmation of such authority to bind the insurer. Any delays in  
38      the issuance of the Notice to Proceed attributed to the failure to obtain the  
39      proof of the State of Hawaii and its officers and employees’ additional  
40      insured status shall be charged to the Contractor.  
41

42               A mere Certificate of Insurance issued by a broker who represents  
43      the Contractor (but not the Contractor’s insurer), or by any other party who  
44      is not authorized to contractually name the State as an additional insured  
45      under the Contractor’s insurance policy, is not sufficient to meet the  
46      Contractor’s insurance obligations.

Certificates shall contain a provision that coverages being certified will not be cancelled or materially changed without giving the Engineer at least thirty (30) days prior written notice. Contractor will immediately provide written notice to the Director should any of the insurance policies evidenced on its Certificate of Insurance form be cancelled, reduced in scope or coverage, or not renewed upon expiration. Should any policy be canceled before final acceptance of the work by the State, and the Contractor fails to immediately procure replacement insurance as specified, the State, in addition to all other remedies it may have for such breach, reserves the right to procure such insurance and deduct the cost thereof from any money due or to become due to the Contractor.

Nothing contained in these insurance requirements is to be construed as limiting the extent of Contractor's responsibility for payment of damages resulting from its operations under this contract, including the Contractor's obligation to pay liquidated damages, nor shall it affect the Contractor's separate and independent duty to defend, indemnify and hold the State harmless pursuant to other provisions of this contract. In no instance will the State's exercise of an option to occupy and use completed portions of the work relieve the Contractor of its obligation to maintain the required insurance until the date of final acceptance of the work.

All insurance described herein shall be primary and cover the insured for all work to be performed under the contract, all work performed incidental thereto or directly or indirectly connected therewith, including but not limited to traffic detour work, barricades, warnings, diversions, lane closures, and other work performed outside the work area and all change order work.

The Contractor shall, from time to time, furnish the Engineer, when requested, satisfactory proof of coverage of each type of insurance required covering the work. Failure to comply with the Engineer's request may result in suspension of the work, and shall be sufficient grounds to withhold future payments due the Contractor and to terminate the contract for Contractor's default.

**(B) Types of Insurance.** Contractor shall purchase and maintain insurance described below which shall provide coverage against claims arising out of the Contractor's operations under the contract, whether such operations be by the Contractor itself or by any subcontractor or by anyone directly or indirectly employed by any of them or by anyone for whose acts any of them may be liable.

92           **(1) Workers' Compensation.** The Contractor shall obtain  
93 worker's compensation insurance for all persons whom they  
94 employ in carrying out the work under this contract. This insurance  
95 shall be in strict conformity with the requirements of the most  
96 current and applicable State of Hawaii Worker's Compensation  
97 Insurance laws in effect on the date of the execution of this contract  
98 and as modified during the duration of the contract.  
99

100           **(2) Auto Liability.** The Contractor shall obtain Auto Liability  
101 Insurance covering all owned, non-owned and hired autos with a  
102 Combined single Limit of not less than \$1,000,000 per occurrence  
103 for bodily injury and property damage with the State of Hawaii  
104 named as additional insured.  
105

106           **(3) General Liability.** The Contractor shall obtain General  
107 Liability insurance with a limit of not less than \$2,000,000 per  
108 occurrence and in the Aggregates for each of the following:  
109

- 110                   **(a)**     Products - Completed/Operations Aggregate,
- 111
- 112                   **(b)**     Personal & Advertising Injury, and
- 113
- 114                   **(c)**     Bodily Injury & Property Damage
- 115

116           The General Liability insurance shall include the State as an  
117 Additional Insured. The required limit of insurance may be provided  
118 by a single policy or with a combination of primary and excess  
119 policies.
