This project consists of resurfacing a portion of Interstate H-1 Freeway from the Miller Pedestrian Overpass to Kapiolani Interchange (Mile Post 21.80 to Mile Post 24.90), including all ramps, overpasses and side streets. The purpose of this project is to increase motorist safety by addressing and bringing the following to current standards: pavement conditions, guardrails, speed limit, lighting, pavement markings, fences, and traffic counting stations. All proposed improvements will occur within the existing road right-of-way.

Request for approval to advertise bids will be made with the Plans, Specifications and Estimate submittal.
