The Contractor shall obtain all required insurance as part of the contract price. Where there is a requirement for the State of Hawaii and its officers and employees to be named as additional insureds under any Contractor's insurance policy, before the State of Hawaii issues the Notice to Proceed, the Contractor shall obtain and submit to the Engineer a Certificate of Insurance and a written policy endorsement that confirms the State of Hawaii and its officers and employees are additional insureds for the specific State project number and project title under such insurance policies. The written policy endorsement must be issued by the insurance company insuring the Contractor for the specified policy type or by an agent of such insurance company who is vested with the authority to issue a written policy endorsement. The insurer's agent shall also submit written confirmation of such authority to bind the insurer. Any delays in the issuance of the Notice to Proceed attributed to the failure to obtain the proof of the State of Hawaii and its officers and employees' additional insured status shall be charged to the Contractor.

A mere Certificate of Insurance issued by a broker who represents the Contractor (but not the Contractor's insurer), or by any other party who is not authorized to contractually name the State as an additional insured under the Contractor's insurance policy, is not sufficient to meet the Contractor's insurance obligations.

 Certificates shall contain a provision that coverages being certified will not be cancelled or materially changed without giving the Engineer at least thirty (30) days prior written notice. Contractor will immediately provide written notice to the Director should any of the insurance policies evidenced on its Certificate of Insurance form be cancelled, reduced in scope or coverage, or not renewed upon expiration. Should any policy be canceled before final acceptance of the work by the State, and the Contractor fails to immediately procure replacement insurance as specified, the State, in addition to all other remedies it may have for such breach, reserves the right to procure such insurance and deduct the cost thereof from any money due or to become due to the Contractor.

Nothing contained in these insurance requirements is to be construed as limiting the extent of Contractor's responsibility for payment of damages resulting from its operations under this contract, including the Contractor's obligation to pay liquidated damages, nor shall it affect the Contractor's separate and independent duty to defend, indemnify and hold the State harmless pursuant to other provisions of this contract. In no instance will the State's exercise of an option to occupy and use completed portions of the work relieve the Contractor of its obligation to maintain the required insurance until the date of final acceptance of the work.

All insurance described herein shall be primary and cover the insured for all work to be performed under the contract, all work performed incidental thereto or directly or indirectly connected therewith, including but not limited to traffic detour work, barricades, warnings, diversions, lane closures, and other work performed outside the work area and all change order work.

The Contractor shall, from time to time, furnish the Engineer, when requested, satisfactory proof of coverage of each type of insurance required covering the work. Failure to comply with the Engineer's request may result in suspension of the work, and shall be sufficient grounds to withhold future payments due the Contractor and to terminate the contract for Contractor's default.

**(B)** Types of Insurance. Contractor shall purchase and maintain insurance described below which shall provide coverage against claims arising out of the Contractor's operations under the contract, whether such operations be by the Contractor itself or by any subcontractor or by anyone directly or indirectly employed by any of them or by anyone for whose acts any of them may be liable.

92 Workers' Compensation. The Contractor shall obtain (1) 93 worker's compensation insurance for all persons whom they employ in carrying out the work under this contract. This insurance 94 95 shall be in strict conformity with the requirements of the most current and applicable State of Hawaii Worker's Compensation 96 97 Insurance laws in effect on the date of the execution of this contract 98 and as modified during the duration of the contract. 99 100 **Auto Liability.** The Contractor shall obtain Auto Liability 101 Insurance covering all owned, non-owned and hired autos with a Combined single Limit of not less than \$1,000,000 per occurrence 102 for bodily injury and property damage with the State of Hawaii 103 named as additional insured. Refer to SPECIAL CONDITIONS for 104 105 any additional requirements. 106 107 The Contractor shall obtain General (3) General Liability. The required limit of insurance may be provided 118 by a single policy or with a combination of primary and excess 119 120 policies. Refer to SPECIAL CONDITIONS for any additional 121 requirements. 122 123 Builders Risk For All Work. The Contractor shall take out 124 a policy of builder's risk insurance for the full replacement value of the project work; from a company licensed or otherwise authorized 125 to do business in the State of Hawaii; naming the State as an 126 additional insured under each policy; and covering all work, labor, 127 and materials furnished by such Contractor and all its 128 129 subcontractors against loss by fire, windstorm, tsunamis, earthquakes, lightning, explosion, other perils covered by the 130 standard Extended Coverage Endorsement, vandalism, and 131 malicious mischief.
